HOSTETTER'S STOMACH BITTERS.

TETTER'S CELEBRATED STOMACH BUT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation herstafare unknown. A few facts upon this point will speak more powerfully than ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immunies amounts could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sametion of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but recommend the Bitters to their patients, but are ready at all times to give testimonials to its and the diseases resulting therefrom

efficacy in all cases of atomachic derangements This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the dualities of the Bitters, but a solid estimation of an invaluable medicine, which is Hestetter's Stomach Bitters have proved Godsend to regions where fever and sque and various other billous complaints but a counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stometh, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispen for the restoration of health. It operates upon the stomach, liver, and other digestive organa,

mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a simulant peculiarly adapted to comfort declining years, as it is pleasant to the painte, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the beneat of using this preparation while suffering from stomach derangements and general debility; acting under rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harnesing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is upt to forget her own health in her extreme abriety for her infant. Should the period of materitity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity, for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhiusting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigora-tors that receive the endorsement of physicians, because it is agreeable to the tasse as well as certain to give a permanent increase

of hodily strength.

All those persons, to whom we have particu larly referred above, to wit: enflerers from fever and ague, caused by majaria, diarrhous dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superanguated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomuch Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counter-leits, but ask for Hostritan's Creanated STORAGE BETTERS, and see that each bottle has blown on the side of the bettle, and stamped on the metallic cap covering the cork, and bserve that our autograph signature is on the

ar Prepared and sold by HOSTETTER & SMITH, Pittaburgh, Fa., and sold by all druggists, grocers, and dealers generally throughout the United States, South Americe, and Germany.
